This is to advise you that the following product has been discontinued.

*This PCN has been revised, due to factory production schedule changes for the replacement part.
Revisions are noted in parenthesis.*

Product ID (Description):

LQ035Q7DB03F LCD Module

Description of Change:

Due to manufacturing equipment age and environmental restrictions, Sharp is ending the production of the LQ035Q7DB03F LCD Module.

An alternate will be (previously: "is") available: The LQ035Q7DB05 is form, fit, and electrically compatible. The difference in the two panels lies in the LQ035Q7DB05 backlight system, so the alternate panel's brightness is greater. All other specifications remain the same. See the Table for details.

SPECIFICATION	LQ035Q7DB03F (OBSOLETE)	LQ035Q7DB05 (REPLACEMENT)
Brightness	55 nits	160 nits

Engineering samples will be available in June 2009, with full specifications available during this time. Production is scheduled in October 2009. (Revised from: "The LQ035Q7DB05 is a current production part, so customers may change at their discretion.")

As of the re-issue date of this PCN, the alternate part (LQ035Q7DB05) is undergoing a production line change. Customers are encouraged to look up the part on Sharp's website (www.SHARPsma.com) to stay apprised of any schedule changes.

Effect of Change:

Production is being discontinued on the LQ035Q7DB03F LCD Module. An alternate part will be available (previously: "exists").

This part number was moved to a category "D" (Discontinued) classification as of the original date of this notice. At that time, distributors had the option to return parts that were in stock, provided the product was not category type "C" (Non-changeable, Non-Refundable) when ordered, and was in either factory sealed or Sharp warehouse sealed boxes, as per the terms of our agreement. Requests were to have been received within 60 days of receipt of the original of this notice (1 October 2008).
