

Type of Notification: Product Discontinuation – Revised

ORIGINAL ISSUE:	REISSUE DATE	ORIGINAL LAST BUY DATE	NOTIFICATION NO.	ORIGINAL LAST SHIP DATE
21 January 2009	11 March 2009	27 February 2009	PCN-20090114-02R	30 September 2009

This revision is to advise you that only one of the products originally in this PCN will be discontinued.

The original Notification showed both of these products as being discontinued. Due to market demand and factory capability, the LQ030B7DD01 will NOT be discontinued; production will be restarted.

This updated PCN also includes buying information to cover the production gap.

Product ID (Description):

LQ030B7DD01 LCD Module - NOT being discontinued; production is being restarted.

LS028B7UX01 LCD Module

Description of Change, LQ030B7DD01:

Due to market demand and factory capability, production is being restarted on the LQ030B7DD01 LCD Module; production will be moved to a different manufacturing facility. The new production will be form, fit, and functionally compatible with past output. Samples and updated Specifications will be available during September 2009, with production scheduled for December 2009.

Customers are encouraged to consider an intermediate purchase to cover the gap in production. Orders for this production must be received by 30 April 2009; these orders will be NCNR. Deliveries will occur through the end of September 2009.

Description of Change, LS028B7UX01:

Due to manufacturing equipment age and environmental restrictions, Sharp is discontinuing the production of the LS028B7UX01 LCD Module.

To help provide a smooth transition to product discontinuation, customers were requested to provide lifetime demand forecasts by 30 January 2009, with Last Time Buy orders until 27 February 2009. Deliveries will occur through the end of September 2009.

Effect of Change, LQ030B7DD01:

Sharp is NOT discontinuing the production of this module as stated in the original of this PCN, but instead is restarting production in a different facility. Samples and updated Specifications are scheduled to be available in September 2009, with production scheduled for December 2009.

An intermediate purchase may be made to cover the gap in production. Orders to cover this gap in production must be received by 30 April 2009, and these orders will be NCNR. Deliveries will occur through the end of September 2009.

Effect of Change, LS028B7UX01:

Sharp is discontinuing the production of the LS028B7UX01 LCD Module. Its part number has been moved to a category "D" (Discontinued) classification.

Distributors had the option to return parts that are in stock, provided the product was not category type "C" (Non-changeable, Non-Refundable) when ordered. Product must be in either factory sealed or Sharp warehouse sealed boxes, as per the terms of our agreement. Requests were to have been received within 60 days of receipt of the original of this notice.
